Sunday	08.03.2020	End of registrations for exams of EP 2
		Withdrawal from written exams up to 8 days before date of exam
Monday	09.03.2020	Beginning of verification of registrations / binding admission
Monday	16.03.2020	End of verification of registrations / binding admission
Thursday	19.03.2020	Beginning of students' review of admissions (mandatory)
Friday	20.03.2020	End of students' review of admission (mandatory)
Monday	05.10.2020	Beginning of examination period
Monday	05.10.2020	Beginning of examination marking / entry of results of EP 2
Saturday	17.10.2020	End of examination period
Monday	19.10.2020	<i>Beginning of lecturing period Winter Semester</i>
Friday	27.11.2020	End of examination marking / entry of results of EP 2
Monday	07.12.2020	Beginning of students' review of results of EP 2 (mandatory)
Friday	11.12.2020	End of students' review of results of EP 2 (mandatory)
Tuesday	12.01.2021	End of objection period
Tuesday	12.01.2021	Application deadline for 'examination joker card'
29.06.2020 - 08.08.2020	School holidays	

Special time schedule for the **Institute of Electrical and Information Engineering** and the **Institute for Materials Science**

At the Institute of Electrical and Information Engineering written examinations take place during the six consecutive weeks of the lecture-free period immediately before the beginning of the lecturing period. In the Winter Semester examinations take place from 07.09.2020 until 17.10.2020.

The period for oral examinations comprises the whole lecture-free period plus the last week of the lecturing period of the Winter Semester plus the first two weeks of the lecturing period of the following Summer Semester.

For examiners - the following deadlines from the table above apply for all examinations:

- Checking registrations / binding admission: deadline for the 1st examination period
- Correcting examinations and entering the results: deadline for the 2nd examination period

For students - the following deadlines from the table above apply for all examinations:

- Registration for examinations: deadline for the 1st examination period
- Reviewing your admission: deadline for the 1st examination period
- Reviewing the results: deadline for the 2nd examination period
- End of the objection period: deadline for the 2nd examination period
- Joker card applications: deadline for the 2nd examination period

The examinations of the **Institute for Materials Science** are offered only once per semester (however, all examinations are offered each semester). The examinations are distributed over the first and the second examination period. During the first registration period, students may register for examinations in either examination period.

Special time schedule for the distance-learning programme **Master School Management and Quality Development**

The module examinations of this distance-learning programme are offered only once per semester (however, all examinations are offered each semester). They take place directly after the compulsory course work. There is no online registration for examinations.
